خمسة عشر سنة من النجاح
FIFTEEN YEARS OF SUCCESS

The 16th session of the Agricultural Week Exhibition for Mechanization Equipment and Agricultural and Animal Production in conjunction with the Food Industries & Packaging Expo.

For fifteen consecutive sessions, Agricultural Week helps take advantage of untapped opportunities in new markets by maintaining continuity of communication across borders and building business relationships while working to spread innovations and modern technologies to develop the field and push towards the future.

The agricultural week has evolved over more than fifteen years to provide a variety of services that support large agricultural companies side by side in order to meet agricultural companies, whether large in size or small farmers, who constitute an essential and vital part of the Iraqi market and under the supervision of the Ministry of Agriculture represented by the Minister of Agriculture, who seeks to support and develop the sector and accomplish an agricultural achievement represented by integrated self-fulfillment after government plans contributed to financing agricultural loans.

The Importance Of Government Support For The Agricultural And Irrigation Sector In Iraq

The Ministry of Agriculture, which has developed the scientific base for its programs and the development of its projects, seeks to stop the decline in the agricultural sector through conferences accompanying the agricultural week.

Conferences accompanying the exhibition:

- Investment opportunities in the agricultural sector. (Third day)
- The processing of the Ministry of Agriculture to support the increase in palm cultivation and textile farming area. (Third day)
- Workshop on alternatives to the use of fresh water and seeds approved for agriculture. (Third day)
- Solar energy and its uses in the agricultural sector. (Day Four)
- Agricultural loans. (Day Four)
- Agricultural equipment and opportunities for private sector participation with equipment in its provision. (Day Four)

The Prime Minister, the Minister of Agriculture and the Minister of Water Resources will open the official government exhibition, which gives an opportunity to the participants in terms of:

- The Ministry of Agriculture and its participating formations have full authority to purchase all their needs from the declared specialties.
- Holding direct and open meetings with decision-makers in the departments of agriculture, About (40) public companies representing all sectors of agriculture.
- The exhibition provides an opportunity to meet with the managers of all the Ministry of Agriculture in the governorates of Iraq, which gives companies the opportunity to announce their projects and market their products to all agricultural Iraq regions within one platform.
- The only exhibition approved by the Ministry of Agriculture, through which the applications and future projects of the Ministry of Agriculture are identified to achieve the desire of the participating companies.
- The State Company for Agricultural Supplies participates in this exhibition, which provides an opportunity for international companies to conclude multiple partnerships and achieve opportunities to market their various industrial and agricultural products to all governorates.
- An opportunity to advertise and sponsor your products digitally throughout the year.
- Discover the latest trends and innovations that will change the future of agriculture.
- Showcase your latest products and services to a wide audience of potential customers.
- Presenting the name of agricultural investments in Iraq during the exhibition days.
