The Biggest & Most Important Event!

**FOOD INDUSTRY
& PACKAGING EXPO**

Why Food Industry & Packaging Expo?

Over the years leading up to the fair, The Food Industries & Packaging Expo will be held from 15-20 April 2025 on Baghdad International Fair and has enhanced its position as a major event for professionals in this important sector. The fair offers a dynamic platform that plays an effective role in revealing the large business opportunities in Iraq especially since the Iraqi market is at the stages of growth and commercial prosperity.

The Food Industries & Packaging Expo will provide excellent business opportunities for wholesalers, distributors and retailers and allow them to discover the value of the Iraqi market.

For six consecutive days, the exhibition offers innovative ways to showcase (local, Arab, and foreign) products and to connect face-to-face with specialists, local, regional, and international manufacturers, as well as the target audience.

A thriving industry
in the **IRAQI** market!

Food & Beverage

Iraq's population is expected to reach 74,515,140 by 2050.

The Food Industries & Packaging Expo sector is thriving and it is driven by an urban-centric youth consumer base. This rise in demand for diversified products is a key factor in the role of the food and beverage industry as a key driver of economic growth and job opportunities.

In Iraq, the food industry is witnessing remarkable growth, driven by the continuous development of factories and strong support for small and medium-sized companies.
